

Applicant Acknowledgement

I acknowledge and agree:

- That my use of mobile devices is governed by, and that I will comply with, NSW Health's policies and Code of Conduct.
- That I will comply with NSW Health instructions relating to the configuration and use of mobile devices, including but not limited to the installation or removal of software and device security configurations.
- To release, discharge and hold harmless, NSW Health, its officers, directors, employees, agents and representatives, past or present, from and against any and all claims, suits, liability, judgements, costs and expenses (collectively, "claims") including, but not limited to claims involving data loss, property damage, hardware loss and/or theft of the devices listed above, regardless of whether the devices are personally owned or procured by the Department.
- To take all reasonable steps to protect the physical security of mobile devices and to prevent unauthorised individuals from accessing NSW Health information stored on or accessible via the devices.
- To immediately report the loss or theft of mobile devices to the State Wide Service Desk.
- To permit NSW Health to:
 - revoke mobile device access to NSW Health services
 - modify device configurations (including the addition or removal of software)
 - remotely wipe or otherwise disable devices in order to protect NSW Health information.

In respect of personally owned mobile devices, I agree:

- That I will enable software update notification for mobile devices, where available.
- That I will apply operating systems and application software patches to mobile devices in a timely manner when notified or following departmental advice.
- That I will ensure that the mobile device's operating system or user interface is not modified, such that it provides access to functionality not intended to be exposed to the device user by the vendor or manufacturer.
- That I am responsible for backing up any personal content on the device.
- That ITS takes no responsibility for the installation/reinstallation and support of non-approved applications.
- That ITS will not provide hardware support for these devices.
- That I am responsible for meeting all costs associated with the use of the privately owned device, including any network access or data transfer charges.

By signing below, I understand, consent to, and will abide by the terms of this agreement:
