## F: SPECIFIC REQUIREMENTS TO PRACTICE SAFELY DURING THE TERM:

**This section may include:**

- Courses (e.g. life support, resuscitation)
- Procedural skills
- e-Learning requirements

If there are any specific requirements please provide details of how the trainee will receive this training/will be assessed.

- Registration with the Medical Board of Australia (for PGY2s only).
- Attendance at general hospital orientation and term specific orientation.
- Ability to recognise, manage and appropriately refer to more senior medical staff those patients who are seriously ill.
- Ability to record in the clinical notes: relevant history of illness, physical examination, a provisional diagnosis and issues list, investigations required and a management plan.
- Ability to communicate clearly with other staff, patients and relatives.
- Able to independently perform: venepuncture, arterial blood gas analysis, blood cultures, intravenous cannulation, basic electrocardiogram interpretation
- Ability to call a Medical Emergency Team based on criteria
- Use of universal precautions to avoid exposure to blood, and body fluids and the management of sharps.

## G: TERM LEARNING OPPORTUNITIES

<b>Please list top 5 learning opportunities/objectives</b>	1	Proficiency in assessing patients with both acute & chronic surgical problems.
	2	Develop an understanding of General Surgical operations.
	3	Develop basic surgical skills i.e. suturing of wounds, excision of small skin lesions.
	4	Understand the integrated role of surgery and medicine.
	5	Develop skills for the interpretation of common investigations/procedures and the indications for these.

## H: EXPECTATIONS OF THE PREVOCATIONAL TRAINEE

<b>Please list expectations</b>	<p>Throughout the course of this term it is expected that trainees will develop the following skills:</p> <ul style="list-style-type: none"> <li>• Proficiency in assessing patients with both acute and chronic surgical problems including cholecystitis, pancreatitis, appendicitis, bowel obstruction, diverticular disease, hernias, gastrointestinal bleeding, colorectal cancer, breast cancer and cellulitis.</li> <li>• To develop an understanding of the common general surgical operations including cholecystectomy, hernia repair, appendectomy, haemorrhoidectomy, colorectal surgery, mastectomy / lumpectomy / axillary clearance, varicose vein surgery and thyroidectomy.</li> <li>• To develop basic surgical skills, i.e. suturing of wounds and excision of small skin lesions</li> <li>• Detailed preoperative assessment of the surgical patient.</li> <li>• Assess the postoperative patient with regard to fluid / electrolyte therapy, pain management, fever, venous thrombosis, haemorrhage etc.</li> <li>• Critically investigate and interpret results as they relate to surgical patients.</li> <li>• Understand the integrated role of surgery and medicine.</li> </ul> <p>In addition, the trainee is expected to familiarise themselves with the indications for and interpretation of common investigations/procedures including:</p> <ul style="list-style-type: none"> <li>• Abdominal X-rays, CT scans and ultrasounds, cholangiograms, barium enemas, upper gastrointestinal contrast studies.</li> <li>• Basic haematological, biochemical and microbiological tests.</li> <li>• Venous doppler studies</li> <li>• Thyroid function tests and imaging</li> </ul>
---------------------------------	---

	<p>Other clinical expectations of the trainee include:</p> <ul style="list-style-type: none"> <li>• Daily assessment of all inpatients on the Consultant/Registrar led ward round in order to review patient condition and progress. Subsequent implementation of management plans as instructed by the Consultant / Registrar.</li> <li>• Organisation of investigations according to protocol and direction.</li> <li>• Follow-up, review and documentation of all investigations. The Consultant/Registrar should be promptly notified of abnormal investigation results.</li> <li>• Completion of daily progress notes (including documentation of decisions / treatment plans made on the daily ward round).</li> <li>• Liaise with Registrar / Consultant about all new admissions, any significant change in a patient's condition, and any patient potentially requiring transfer to another unit.</li> <li>• Develop proficiency in the performance of routine procedures such as venepuncture, arterial puncture, IV line insertion, bladder catheterisation.</li> <li>• Develop proficiency in assessment of patients whose conditions have departed from their usual status and to call for assistance if necessary.</li> <li>• Ability to recognise, manage and appropriately refer to more senior medical staff those patients who are seriously ill. This includes activation of Medical Emergency Team calls under appropriate circumstances.</li> <li>• Attend to calls by nursing staff to review patients as required.</li> <li>• Develop skills in dealing with patients and relatives in a professional and compassionate manner.</li> <li>• Demonstrate proficiency in the assessment of patients so as to be able to determine their suitability for discharge, with consideration of the multidisciplinary issues associated with readiness for discharge.</li> <li>• Attend handover meetings to ensure continuity of care of patients following the change of shift.</li> <li>• Aware of proper requirements for completion of Death Certificates and Cremation Certificates. (Refer to the Death Certificate folder, available in every ward and in the RMO's Common Room)</li> <li>• To undertake any other duties as requested by the Medical Workforce Unit.</li> </ul> <p>Organisational expectations of the trainee include:</p> <ul style="list-style-type: none"> <li>• To be responsible whilst at work to take reasonable care of fellow employees, patients, visitors, clients and volunteers, and to abide with the Western Sydney Local Health District policy and instructions in relation to Occupational Health Safety and Risk through personal involvement.</li> <li>• To follow the employer's reasonable instructions concerning health and safety in the workplace.</li> <li>• Use of universal precautions to avoid exposure to blood, and body fluids and the management of sharps.</li> <li>• To participate in Occupational Health Safety and Risk education and training.</li> <li>• To report any workplace hazards.</li> <li>• Assist in the OH&amp;S Risk Management process, by being actively involved in the identification, assessment and control of hazards and associated risks in the workplace.</li> <li>• To observe the Western Sydney Local Health District Code of Conduct.</li> <li>• To abide by the smoke free environment policy of Western Sydney Local Health District Protected Disclosure Policy and Procedure.</li> </ul> <p>To strictly observe the Western Sydney Local Health District policy of confidentiality of patient information.</p>				
<p><b>Patient Load</b> (average per shift)</p>	<table border="1" style="width: 100%; text-align: center;"> <tr> <td style="width: 30%;"><b>Patient Load per trainee</b></td> <td style="width: 10%; border: 1px solid black; padding: 5px;">10</td> <td style="width: 30%;"><b>Patient load total for team</b></td> <td style="width: 10%; border: 1px solid black; padding: 5px;">20</td> </tr> </table>	<b>Patient Load per trainee</b>	10	<b>Patient load total for team</b>	20
<b>Patient Load per trainee</b>	10	<b>Patient load total for team</b>	20		

<p><b>After hours Roster</b></p> <p><i>Does this term include participation in a hospital-wide afterhours roster and if so please advise frequency and the onsite supervision available after hours</i></p>	<p>During their surgical rotation, interns and RMOs will work on average one evening shift per fortnight, covering surgical patients (during ordinary hours). They will also be required to work approximately 4 weekend shifts (Saturday or Sunday) as overtime during the term.</p> <p>After-hours supervision is via on site Medical and Surgical Registrars and on-call Consultants. There is a medical handover that occurs at the beginning of afternoon shift and also at the beginning of night shift to hand over patients to staff on the next shift. Attendance at this handover is compulsory.</p> <p>Blacktown Hospital is also staffed by on-site registrars in ICU, Anaesthetics, Emergency Medicine, Orthopaedics, Paediatrics and Obstetrics &amp; Gynaecology after hours.</p>
---	--

<p><b>I: SIGN OFF</b></p> <p><i>Terms will not be considered unless this section is completed.</i></p>	
<p><b>Revision date and by who</b> <i>(Name and Position)</i></p>	<p>27/04/2018 Dr Daryl-Anne Elias Medical Administration Trainee – Blacktown Mount Druitt Hospital</p>
<p><b>Endorsement by Term Supervisor</b> <i>(Name, Date and Signature)</i></p>	<p>Dr Sanjay Adusumilli</p>
<p><b>Endorsement by GCTC Chair (or representative)</b> <i>(Name, Date and Signature)</i></p>	<p>Prof Mark McLean</p>
