

GradStart Program strives to promote an environment that is supportive and responsive to individual learner needs and facilitates the consolidation of knowledge, skills and attitudes of the transitional nurse or midwife.

## The Gradstart Program includes

- Corporate and workplace orientation
- Paid educational support days
- Two six-month supported clinical rotations
- Clinical Supervision
- Simulation Based education
- Gradstart program in-services

Our program is supported by unit based clinical nurse educators, and supportive nurse educators. The program support the ongoing individual learning and development needs of transition nurses and midwives, promote a consistent and supportive learning environment across clinical areas and foster self-directed and lifelong learning skills
