

Virtual Care is a safe, easy and convenient way to get the medical care you need wherever you are.

You can use your phone, computer or tablet to connect to your, specialist, nurse, interpreter whomever you need.

It's just like a normal consultation.

The only difference is - it's in the comfort of your own home.

If you are unable to visit a doctor in person, Western Sydney Virtual Care is ideal.

We are here for you, no matter where you are.

(Title on screen) Here for you, wherever you are
