

FUTURE OUTLOOK

WESTERN SYDNEY LOCAL HEALTH DISTRICT

Your Health - Our Mission

Better health services for the people of western Sydney and beyond

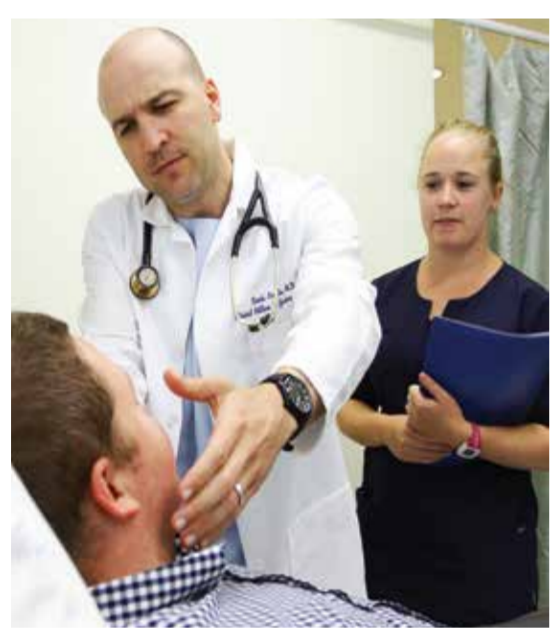

Our Culture

Our communities, our patients, our staff are at the centre of all we do

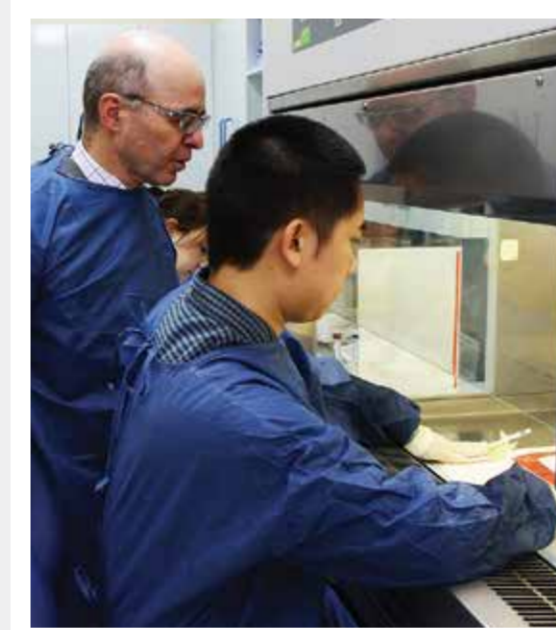

Organisational Redesign

Through continual improvement we are evolving our systems, practices, and infrastructure in the pursuit of excellence

Integrated Care

We will deliver highly functional coordinated healthcare across our services and in collaboration with our healthcare partners

Research and Education

Our commitment to education, research and development gives our patients early access to innovative care and positions us as the employer of choice

Partnerships

We will work with you, our healthcare partners and stakeholders to further strengthen and advance our services to meet your needs now and into the future

Financial Stability and Sustainability

Our prudent financial management will continue to drive savings to invest in further improving services and resources for our staff and your healthcare needs
